

Arghya Majumdar

Kolkata, India

Website — GitHub — Email

About

Full-stack developer focused on building practical, high-performance web applications. Work primarily with React, Node.js, and modern backend systems, with an emphasis on clean architecture, scalability, and user experience. Also explore robotics, CAD modelling, and 3D printing.

Projects

ApkaJob: Role-Based Hiring Platform *React, Supabase, Clerk, Tailwind CSS*

- Built a full-stack hiring platform with separate recruiter and candidate dashboards
- Implemented authentication and role-based access using Clerk and Supabase RLS
- Developed job posting, application tracking, and resume upload workflows
- Designed responsive UI with clean state management and API integration
- Live — GitHub

BookYourSeat: Movie Seat Booking System *React, Node.js, Express, PostgreSQL, Docker*

- Built a full-stack booking system with real-time seat availability and secure authentication
- Designed backend architecture for booking consistency and concurrency handling
- Implemented JWT-based authentication and REST APIs for booking workflows
- Containerised application using Docker for consistent deployment
- Live — GitHub

Promethix3D: E-Commerce Platform *React, Vite, Tailwind CSS, Firebase, Framer Motion, GSAP*

- Developed a high-performance e-commerce platform for 3D printed products
- Built dynamic product catalogue, cart system, and custom order workflows
- Optimised performance using lazy loading, code splitting, and animation pipelines
- Focused on UX with smooth interactions and mobile-first responsive design
- Live

Skills

Languages: HTML, CSS, JavaScript, C++

Frontend: React, Tailwind CSS, Framer Motion, GSAP

Backend: Node.js, Express.js

Databases: MongoDB, Supabase, Firebase

Tools: Git, GitHub, Vercel, Netlify, Appwrite

Achievements

- Hackathon Winner - Built a Carbon Footprint Calculator at IEMPower 2025
- Hackathon Winner - Built an artificial finger module at Printathon 2025
- Freelance - Delivered 5+ full-stack applications to clients

Education

B.Tech in Mechanical Engineering

Institute of Engineering and Management, Kolkata

CGPA: 8.6

2024 – Present
